

I first heard about the Moringa Plant approx three months ago.

I looked it up & found Australian Moringa.

I bought 100gm of the Powder. Both my husband & I were taking it every day & have certainly noticed a difference in many of our ailments.

We now have purchased the capsules.

It has every essential vitamin,mineral & amino acid in this.

We most certainly will be staying on this powder always.

This company is a pleasure to deal with, would not buy from anyone else.

Thanks so much for your help & wonderful website.

Very thrilled with this product for health & wellbeing.
